

## STEM

- **Robotics** - As a club that is held in partnership with Centreville High School, students will work with high schooler to help plan and build robots while also completing challenges with the robots. This team will help build team-working skills while having a great time learning about robots and programming.
- **4-H Club** - Our Eco and 4H club will be working on sustainable farming practices with “Trout in the Classroom”, composting and growing plants in our garden, raising chickens for egg production, and starting an Amazonian River waterscape to promote an understanding of why this Ecosystem is so vital. We will also be promoting recycling around the school and a clean local watershed.
- **Film Studies** - This is the perfect club for students who not only love to watch movies, but who also love to talk about them! Together we will watch scenes from age-appropriate movies and discuss the choices that directors and actors make. This is also the perfect opportunity to share your favorite movies with your peers!
- **Math League** - Math League is a competition held multiple times every year, and students involved in Math League solve math problems while learning about different ways and strategies they can use to tackle difficult problems.
- **Tech Team (Building, Rockets, and more)** - Enjoy building? This is a club for students who are interested in making cool gadgets and contraptions, such as rockets, and learning how they are built.
- **Coding** - A fun, introductory computer science platform for beginners to learn simple programming from a variety of sources and professionals in the field of computer science.
- **Cooking** - For all of the students who love cooking or want to learn how to cook, cooking club is where students can choose and create their dishes, whether it is a cookie cake or pasta. (*Requires a form and supply fee*).
- **Film Making Club** - A club that gives students the opportunity to write, produce, and screen their own original movie! Movie buffs are welcome.
- **Board Games** - Do you like playing board games like Spoons and Apples to Apples? Even if you don't know how to play, join Board Games Club to have a fun time with friends.

## ART

- **Mural Art** - Students will be able to explore their creative side by participating in activities such as mural painting, comic strip drawing, origami, bullet journaling, and creating posters and decorations.
- **Theatre (Musical)** - For all of the students who are interested in participating in the annual musical, in after school Theatre, students will work with each other to prepare for the musical by setting up, practicing their lines, dancing, and singing.
- **Pin-It** - If you're a student who can spend hours making arts and crafts, Pin-It Club is the answer! Students will make crafts from projects found on Pinterest; a website made to share "do-it-yourself" craft ideas. (*Requires a form and supply fee*).
- **Photography** - A club that teaches students the history, techniques, and artistry of photography
- **Music (Start TBD)** - Do you like making music? This club is for students who want to learn how to play new instruments or practice playing instruments they already know how to play.
- **Hip Hop Dance/True Balance** - This club is for the students that love dancing and want to learn dance routines while representing the school spirit at Liberty Middle School's games.
- **Poetry Slam** - In this club, students are given an opportunity to promote a culture of literacy, critical thought, self-confidence, and powerful public speaking. This club will cover many topics, including practicing personal stance and promoting non-violent resolutions.

## SERVICE

- **League of Ladies** - League of Ladies is a service oriented group that focuses on helping young women grow leadership skills and confidence.
- **Band of Brothers** - This is a program designed to help young boys grow and develop themselves into young men through initiatives and community service
- **Service Learning** – Students will participate in volunteer work for the community and school, and earn service learning hours.

- **Model UN** - Model UN will give students the opportunity to learn about the world while working with students from across the county to tackle many of the issues that face our world leaders today.
- **SCA** - For students that want to be active leaders in this school, SCA (Student Council Association) is a club where students learn what skills they need to be student leaders and address issues that they see and want to fix within the school.
- **Ambassadors Club** - A club focused on learning about different cultures, advocacy and support for our ESOL community, and a celebration of our individuality.

## **SPORTS & WELLNESS**

- **Basketball (Girls & Boys)** - We're playing BASKETBALL!!! (like the song) Come learn to play as a team and grow as student-athletes.
- **Volleyball** - Students will learn volleyball skills, drills, and will also play games. On special occasions, the volleyball team will play games against teams from other schools.
- **Flag Football** - Come learn how to play flag football and have fun while participating in games.
- **Soccer** - Students will learn strategies and skills on how to play soccer and participate in games.
- **Yoga** - Learn how to control your breathing and move your body around while relaxing and making new friends.
- **Running** - Exercise and Fellowship--For students who have a desire for a social outlet whilst challenging themselves physically!
- **Mixed Sports (Rotating options)** - Students will play a different sport each week. Some include ultimate frisbee, flag football, pin dodge, floor hockey, and ping pong.
- **Tennis** – Introduction to tennis by USTA coaches. 6-8 week program where students are introduced to skills, scoring, and play of tennis. (*Requires a form and supply fee*).

## **STUDY STATION: Study Hall**
